President Macron visits Volvo Group in Göteborg

During the European Social Summit held last November 17th, Martin Lundstedt, CEO of the Volvo Group, welcomed French President Macron and Swedish Prime Minister Stefan Löfven at the Group's headquarters in Göteborg, for the signature of a « strategic partnership for innovation and green energies solutions » between Sweden and France.

Martin Lundstedt presented President Macron with Volvo Group's latest technological breakthroughs in the fields of electro-mobility, connectivity and automatization/ robotization.

Martin Lundstedt and Emmanuel Levacher then presented the French President with the industrial applications made by RTD with these new Volvo technologies in the fields of Defense and Security.

Martin Lundstedt and Emmanuel Levacher welcoming President Macron and Prime Minister Löfven at Volvo Group's worldwide headquarters in Göteborg.
